

1

Unpack the table. Lay it flat on a smooth surface. Position the table leg in the corner, ensuring it aligns for screwing from the inside.

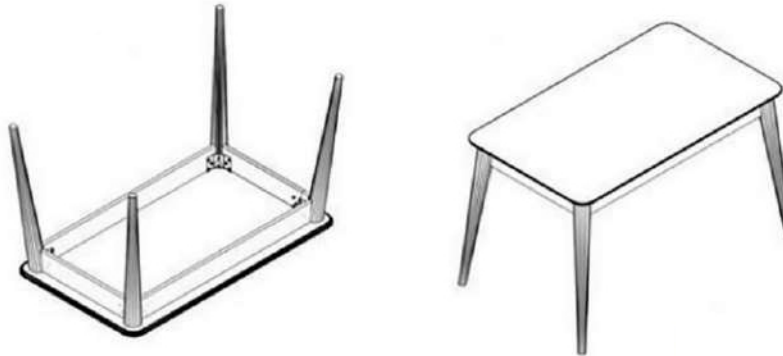

2

Use the assembly screws provided in the leg package to secure the leg.

For detailed assembly instructions, check out our installation videos on our YouTube channel!

3

Repeat the same process for the remaining legs.

4

Carefully turn the table upright by holding it from the legs or the apron section.
